

Intent

At Beaumont Lodge Primary School we are citizens. We want our children to develop as great communicators, who are confident to share their views and opinions. We aspire to ensure PSHE is at the core of everything we do. By doing so it allows our children to blossom into confident, independent, reflective and responsible members of the ever changing society around them. We strive to ensure children are challenged intellectually, socially, spiritually and morally and ensure they become respectful, tolerant citizens. We want our children to grow and develop in a safe and nurturing environment where they are able to express themselves articulately, gain a further understanding of themselves as unique people and build resilience. Beaumont Lodge Primary School encourages children to develop their sense of self-worth by playing a positive role in contributing to school life and the wider community. In order to ensure that we meet the expectations of the PSHE curriculum and the new RSE curriculum we have brought into a scheme that encompasses all aspects of these and promotes wellbeing. Our approach to teaching PSHE is intended to support and encourage all learners to be the very best they can be.

Implementation

We follow the Jigsaw Mindful approach to PSHE. From foundation stage to year 6 the children complete the six half termly jigsaw pieces each year increasing their confidence and progressively building their understanding of how to stay healthy, build safe and positive relationships and live in the wider world. Every Piece has two Learning Intentions, one specific to Relationships and Health Education (PSHE) and the other designed to develop emotional literacy and social skills. Jigsaw PSHE lessons are taught as discrete weekly lessons or as a block of lessons. The various teaching and learning activities are engaging and mindful of different learning styles and the need for differentiation. Each lesson includes time for self reflection and discussion and children are able to show their learning in different forms.
